Social Science Part 4

1. ESD involves topics on peace education, global citizenship and human rights in addition to environmental education. What teaching-learning approach is recommended for ESD?
   a. Project-based
   b. Outcome-based
   c. Problem-based
   d. Concept-based

2. In teaching ESD what skills are considered essential for integrating effective participation in both work and society?
   a. Assertiveness and mediation
   b. Social and emotional skills
   c. Negotiation and conflict management
   d. Stress and time management

3. Which BEST describes the whole-school approach in teaching-learning social studies?
   a. It transforms the teaching and learning towards holistic life skills and values.
   b. It transmits changes in social institutions.
   c. It integrates goals and targets in the curriculum through projects.
   d. It demonstrates problem-based and project-based practices.

4. Challenge-based learning builds on the practice of problem-based learning in which students work on real world problems. What BEST describes the learning experiences of teachers and learners?
   a. Global
   b. Integrative
   c. Collaborative
   d. Cultural

5. In grade distribution of a class the ____ is basic numerical data as the average of grades.
   a. median
   b. mode
   c. mean
   d. measure

6. An IQ test given before admission which is used by schools to determine general intelligence which has ______ that measures specific attributes of students.
   a. predictive validity
   b. construct validity
   c. criterion validity
   d. aptitude validity

7. Teacher A is analyzing income distribution which is symmetrical. Which measure/s of central tendency will be most appropriate?
   a. Mean and median
   b. Mode
   c. Median
   d. Mean and mode

8. Schools provide pre-assessment test to determine fitness of students in college for some courses or in high school for learning sections. This test is ______ evaluation.
   a. formative
   b. diagnostic
   c. achievement
   d. placement

9. In observing students as part of evaluation outside of tests, the teacher needs to be ______ to be fair and accurate in judging students.
   a. objective
   b. subjective
   c. partisan
   d. biased
10. In the test-retest method for reliability if the ordering of the two tests is exactly the same they the correlation co-efficient is 1.00 for ______ reliability.
   a. doubtful
   b. imperfect
   c. perfect
   d. invalid

11. It is natural for parents to want to get involved in their children's school work but teachers need to be ______ about skills and subjects for which students need to be assisted or reinforced.
   a. specific
   b. general
   c. extensive
   d. broad

12. Which is the middle value in a set of grades representing the point of distribution where one-half of 50% fall or are above the grade distribution of the whole class?
   a. Mean
   b. Median
   c. Mode
   d. Measure

13. Which is a measure of central location computed by the greatest number of frequency in a distribution of grades?
   a. Media
   b. Mean
   c. Mode
   d. Measure

14. Teacher-made-test can help determine progress of student for remedial instruction if needed. This test is for ______ purposes.
   a. diagnostic
   b. placement
   c. formative
   d. summative

15. These are correct types of evaluation and tools used, EXCEPT _______.
   a. diagnostic :: observations, interviews
   b. formative :: teacher-made tests and checklists
   c. placement :: teacher made tests
   d. summative :: standardized tests and rating scales

16. Which one is meant to measure the learner's awareness of values?
   a. Anecdotal record
   b. Moral dilemma
   c. Projective technique
   d. Likert scales

17. Which assessment tools is MOST authentic?
   a. True-False test
   b. Essay test
   c. Portfolio
   d. Projects

18. Standard deviation is to variability as mode is to ______.
   a. level of difficulty
   b. correlation
   c. tendency
   d. discrimination

19. How is evaluation differentiated from assessment?
   a. Evaluation is value judgment of the quality of performance, assessment is the process of collecting, synthesizing and interpreting information to aid in decision making.
   b. Evaluation is the weighing of assessment information against some standards to improve instruction.
   c. Assessment uses scoring guide; evaluation has no scoring guide.
   d. Evaluation makes use of traditional tools, assessment uses authentic tools.
20. What is the distinct feature of a rubric?
   a. It is a scoring guide using numerical score given to learners.
   b. It motivates learners to engage more an application and reasoning skills.
   c. It encourages learners' self-evaluation when they receive their report card grades.
   d. It has specific performance characteristics arranged in levels indicating the degree to which a standard has been met.

21. What skills are being recognized to prepare students for increasingly complex life and work in the 21st century?
   a. Information literacy skills
   b. Learning and innovation skills
   c. Media literacy skills
   d. Global awareness and communication skills

22. Despite many successful reforms, President Obama was described as a "lame-duck" president because of _______ by the Republican Party.
   a. ban control
   b. power politics
   c. veto power
   d. denial plot

23. These were the effects of Thailand's 2014 National Council of Peace and Order military junta EXCEPT _______.
   a. ban on political gatherings
   b. nationwide curfew
   c. cessation of economic life
   d. arrest of politicians

   a. Limit overseas deployment
   b. Provide loans to OFW families
   c. Safeguard balikbayan boxes
   d. Assist OFWs in overseas work

25. What is feasible move to stop the conflict that endangers lives in the Southern Philippines?
   a. Peace talks
   b. Federal autonomy to regions
   c. Enlist Muslim fighters in the AFP
   d. Reconciliation among religious

26. How can domestic violence best be minimized?
   a. Heavier tax on alcohol
   b. Stronger anti-illegal drugs drive
   c. Award for the Best Father and Mother
   d. Effective education on family life

27. What initiative is needed to prevent exploitation of children workers?
   a. Scholarship
   b. Subsidy for children
   c. Socio-economic package
   d. Stricter law against child exploitation

28. What can be done to prevent detention of juveniles with adult prisoners?
   a. Separate cells of juveniles and adults
   b. Lessen years of detention for juveniles
   c. Alternative learning system in prisons
   d. Upgrade juvenile penology program

29. How should the International Covenant on Civil and Political Rights received by RP government?
   a. Prevent intervention by the UN
   b. Support the covenant
   c. Reject criticism on human rights violations
   d. Downplay UN reports on human rights violations

30. How can Deng Xiaoping be described by advancing liberal industrialization in
China as leader without holding president, premier or secretary general positions?
a. Fascistic  
b. Autocratic  
c. Democratic  
d. Authoritarian

31. These are traditional values that should be eliminated in private and public sectors EXCEPT _________.
a. Siesta time up to 2 p.m. (Spanish-owned firm in Makati)  
b. "Paki-time in mo ako" (government agency)  
c. Paggalang sa boss (private companies)  
d. Palakasan sa pwesto (public offices)

32. In the Comprehensive Land Reform Program, what aspect shows that traditional forces were very much around to curtail rights of tenants to the land they till?
a. Making tenants share holders not owners  
b. Not applying land reform at all  
c. Abolishing the land reform program  
d. Not providing inputs for productivity support to farmers

33. What core principle has remained unfulfilled in socialist countries like Russia and China?
a. State ownership of industries  
b. Revolutionary conflict  
c. Rule of the working class  
d. Class struggle

34. What is the main disadvantage of simply following the market economy especially for peasant economies?
a. Producers don’t cater to the poor who can’t buy.  
b. There is production surplus for in industries.  
c. Advertising gains from commercial ads.  
d. Country stagnates in economic growth.

35. Arrange the chronological evolution of the market economy that led to the industrial revolution.
I. Antiquity’s cities and farm countryside  
II. Towns an guilds  
III. Feudal lords and serfs in manors  
IV. Mercantilism through commerce  
V. Industrial revolution and self-sustaining growth

   a. I, II, II, IV and V  
   b. II, I, II, IV and V  
   c. III, II, IV and V  
   d. I, II, III, IV, V

36. Even during early Hispanic days, the ________ were the oil of the machinery of commerce throughout the archipelago.
a. Creoles  
b. native  
c. Chinese  
d. Peninsulares

37. Which theory of Marx states that the difference between the price of commodity and cost of production belongs to the workers.
a. Theory of exploitation  
b. Theory of economic difference  
c. Theory of labor rights  
d. Theory of price control

38. In 1984, the price of chicken continued to go down despite government removing the price ceiling for chicken and other products. This was because ________.  
a. chicken was abundant  
b. people had no purchasing power  
c. adobo was favorite dish  
d. few liked to eat chicken

39. Inflation is always with us but it is bad when the rise of prices of goods and products is exceptionally ________.  

40. The biggest impact of high inflation is on the __________ Filipino.
   a. average  
   b. employed  
   c. entrepreneurial  
   d. rural

41. In the U.S. prices of goods and services are forty to fifty times higher than those in the Philippines but Americans do not feel the impact of high prices because the ________ of the dollar is similarly high.
   a. currency float  
   b. exchange value  
   c. dividend return  
   d. stock exchange

42. Innovation as a key to growth is done through various means EXCEPT ________.
   a. inventing new method  
   b. keeping organizational structure  
   c. introducing new product  
   d. opening new markets

43. The following are among the elements to gauge a country’s economic growth EXCEPT ________.
   a. national income  
   b. gross national product  
   c. Population Growth  
   d. gross domestic investment

44. What is needed to build confidence among employers and protect the rights of employees?
   a. Benchmark of qualifications  
   b. Quality assurance of qualifications  
   c. Internal protection to workers  
   d. Assurance from companies

45. Which will fast tract inclusive development in the Philippines?
   a. Attract Foreign Direct Investments  
   b. Increase cash assistance to the poor  
   c. Increase cash for work  
   d. Attract explorers of natural resources

46. Mang Pido said he does not need the highway built by An Australian Aid program in Samar because he still rides a carabao. What is wrong with the highway?
   a. Too expensive to construct  
   b. Not relevant to individual needs  
   c. Hidden interest by donor  
   d. Wrong choice of route

47. The worker’s rights to form unions or to strike can be suppressed during times of national emergency. On what is this based?
   a. Nobler person - God before man  
   b. Higher law - inalienable rights before alienable  
   c. Wider social order the family - the family before the individual  
   d. Clearer title - the certain before the title

48. When teacher Jackie asks History questions on names of different historical personages she is asking ________ questions.
   a. high level  
   b. moderate  
   c. low level  
   d. superior

49. Which of the following is a high level question in a Geography class?
   a. Where is the Philippines in the world map?  
   b. Why is global warming a problem today?  
   c. Which cities are the adjacent to Manila?  
   d. Which pollutes more, the smoker or
50. High level questions have the following characteristics EXCEPT _______.
   a. stimulating
   b. advanced
   c. factual
   d. challenging

51. In Bloom's cognitive taxonomy, rote learning corresponds to the knowledge category of ________.
   a. applying
   b. understanding
   c. analyzing
   d. recall

52. Which of the following demonstrates divergent questioning use by teacher Karla in her History class?
   a. Who were the other founders of the Katipunan other than Andres Bonifacio?
   b. Between Rizal and Bonifacio who is more deserving to be our national hero?
   c. During the Philippine independence celebration in Kawit, Cavite which band played the national anthem?
   d. How was Gregorio del Pilar killed the Tirad Pass?

53. How do you arrange the logical ordering of pivotal questions that lead to valuing on the issue of drug use among youths?
   I. What are illegal drugs?
   II. Will you try illegal drugs as a student?
   III. How can illegal drugs reach and attract you?
   IV. What would be the effects of illegal drugs on you?
   a. I, III, IV, and II
   b. II, II, IV and I
   c. IV, I, II and II
   d. III, II, I and IV

54. Which is a question by analogy?
   b. What elements in democracy are lacking in China today?
   c. Is extra judicial killing part of democracy?
   d. How is democracy like animals set free?

55. In what probing question was teacher Ana stimulating valuing in her Socio-cultural class?
   a. How do you feel about the slay of Ninoy Aquino in the airport tarmac?
   b. What events led to the Ninoy Aquino slay?
   c. Was the Ninoy slay connected with People Power?
   d. How was Ninoy Aquino as politician?

56. Teacher Bong is teaching the use and abuse of social media, e.g. Facebook. Which question is NOT relevant to ask?
   a. Why is social media so attractive to high school students?
   b. What mobile phones do you use for social media?
   c. What do you get out of Facebook postings?
   d. What bad experiences were reported about Facebook users?

57. Teaching social change can make effective use of instructional aids, but which of the following has emotional impact such as on the issue of extreme poverty?
   a. Graphs on impoverished regions
   b. Photo language pictures of poor people
   c. Newspaper news on poor communities
   d. Entertainment film on Robin Hood heroes

58. The drawback of textbooks is that these are boring and not readable especially among many students who don’t enjoy reading. While using
textbooks as reference and background, there are other valuable sources of learning EXCEPT ________.
a. audio-visual materials 
b. hands-on activities 
c. marvel comics 
d. technology sources 

59. Teacher Egay wants to enhance reading skills of his students and ________ is the most useful for integrating ideas of text through analysis, deduction and expansion of main thoughts.
a. underlining 
b. note taking 
c. copying 
d. discussion 

60. Teacher Judy assigned her students to develop short skits of life in slums which they shall act out with costumes in class. How do you classify Teacher Judy’s activity?
a. Role-playing 
b. Games 
c. Simulation 
d. Group dynamics

61. In communist country, the following holds true EXCEPT ________.
a. productive resources are owned by government 
b. the citizens vote on some economic policies 
c. the government determines what shall be produced and in what quantity 
d. the government sets wages and prices

62. What is that economic situation where one company controls the supply of a unique kind of product?
a. Inflation 
b. Monopoly 
c. Equilibrium 
d. Economic stability

63. The growth of a free economy follows the path of a roller coaster. Which one is referred to as the belief and small decline in business activity?
a. Depression 
b. Recession 
c. Boom 
d. stability

64. A free economy has its glorious and not so glorious periods. Which one is referred to as the period of above average business activity?
a. depression 
b. recession 
c. boom 
d. stability

65. The growth of a free economy follows the ups and downs of a roller coaster. Which one is referred to as large drops in economic growth for a comparatively longer period of time?
a. Stability 
b. Recession 
c. Boom 
d. Depression

66. The following happen during a recession on a depression EXCEPT ________.
a. people love their jobs 
b. business rake bigger profits 
c. total spending drops 
d. production slows down

67. Two most important methods used by nations to restrict world trade are:
I. tariff 
II. import quota 
III. monopoly 
IV. cartel 

a. I and II 
b. I and III 
c. I and IV
d. II and IV

68. Which economic principle states that each country should concentrate in producing those goods it can make most efficiently and buy from other countries those goods it cannot produced as efficiently?
   a. Comparative advantage
   b. Economic stability
   c. Competition
   d. Monopoly

69. Nations create world trade barriers for which healthy reason?
   I. To protect local enable to complete with foreign more efficient producers.
   II. To discourage dependence on foreign sources of supply in the event
   III. To protect infant industries
   IV. For local industries to gain monopoly over certain products.
   a. II, III, IV
   b. I, II, IV
   c. I, III, IV
   d. I, II, III

70. The value of all goods and services produced by a country in a given period refers to ________.
   a. National income
   b. Gross national product
   c. Net income
   d. Per capital

71. The law which state that the opportunity cost of each additional unit of output of a good over a period increases as more of that good is produced is the law of ________.
   a. increasing cost
   b. diminishing marginality
   c. supply and demand
   d. supply

72. When the government discuss to spending or increase taxes or both it engages in ________.
   a. expansionary fiscal policy
   b. concretionary fiscal policy
   c. fiscal policy

III. The peso gets devalued.

80. When government attempts to control inflation, what does it do?
a. It devalues the peso.
b. It increases its import
c. It decreases its export
d. It strengthens the purchasing power of the peso

81. For economic knowledge which does NOT apply as a scientific process?
a. Understanding
b. Analysis
c. Common sense
d. Evaluation

82. Dr. Jose Rizal’s observation that Filipinos are lazy because we were influenced by Spaniards to "take it easy" is a/an _____ that has to be proven empirically.
a. truth
b. fact
c. nonsense
d. opinion

83. Which is not factual in relation to present debate on birth control?
a. Population is teachable.
b. RP population is not high.
c. Farm productivity is labor intensive.
d. Contraceptives prevent pregnancy.

84. These are examples of what economists refer to as "capital" that can produce other goods EXCEPT __________.
a. fishing implements
b. production machinery
c. household furniture
d. marketing transport vehicles

85. These are household capital resources that support productivity but the LEAST useful is the ________.
a. cooking stove
b. bath tub
c. sewing machine
d. desktop computer

86. Why does the United State demand that China, an exporter of vast quantities of commercial exports, lower or devalue its yuan local currency?
a. Increase value of yuan in the world market.
b. Make yuan competitive with the dollar
c. Build up china’s economy
d. Dampen China’s goods production.

87. These are the best ways we can deal with scarcity of resources EXCEPT ________.
a. making right choices in capital goods
b. keeping resources as unused reserve
c. using resources efficiently
d. distributing resources equitably

88. Manager Jose wants equality and so he pays all workers with the same pay. Why is this not advisable?
a. Workers will ask increase of pay.
b. Disincentive to good workers.
c. Rank-and-file will not like it.
d. Workers will resign.

89. There are disadvantages to the Filipino extended family culture (one house for grandparents, nieces, etc.) EXCEPT _______.
a. available baby sitters
b. more people to feed
c. relationship
d. lower life quality

90. What is an unacceptable problem with the Filipino tradition of having household helpers?
a. Treatment as second-hand humans
b. inefficient services
c. Difficult to manage
d. Disciplinary problem

91. Which concept is NOT an acceptable assumption for the building of a democratic economy?
a. Common good
b. Enterprise
c. Private capital
d. State control

92. Economics studies and seeks to allocate _______ human and non-human resources for the material welfare of all.
a. scare
b. abundant
c. bountiful
d. unlimited

93. Which does NOT apply as an economic issue relating to the science of economics?
a. High unemployment
b. High prices of foods
c. Use of digital gadgets
d. Low food production

94. For Adam Smith, the _______ of a free market economy will keep prices low that guides the economy to prosperity.
a. invisible hand
b. beacon of consumers
c. common interest
d. automatic check

95. These pieces of evidence disprove the hypothesis that Filipinos are lazy or indolent EXCEPT _______.
a. farmers toil till dawn
b. indulgences in digital toys and gadgets
c. scavengers dig scrap in garbage dumps
d. OFWs work overseas sacrificing family life

96. Population control economic development is not done through immoral means exemplified by _______.
a. ligation
b. abstinence
c. ultra-uterine device
d. abortion

97. Which problem of resources fall under the task of economic allocation?
a. Quality
b. Scarcity
c. Standards
d. Excellence

98. Non-economic wants and needs revolve around the issue of _______.
a. job underemployment
b. high prices of commodities
c. women’s role in society
d. lowered family income

99. In Economics, economic wants and needs are exemplified by _______.
a. plight of political prisoners
b. movement for gay rights
c. excellence in the professions
d. OFW work remittance
100. One example of a complementary need that supplements basic needs is ________.
   a. dress
   b. haircut
   c. house
   d. food

101. Needs are created by commercial advertising but some goods can be harmful such as ________.
   a. fast-foods
   b. condos
   c. cigarettes
   d. beverages

102. The Engel theory is that "as income increases the percentage of income spent on non-food items also increase". To what sector will this principle not apply?
   a. Entrepreneurs
   b. Middle Class
   c. Unemployed
   d. Corporate managers

103. Which is privatized by government along the principle of easing budget burden on social programs?
   a. Public education system
   b. Waterworks system
   c. Electricity distribution services
   d. Mass media outlets

104. There are non-conventional sources of energy that can be harnessed to soften adverse consequences on the economy but ________ is NOT one of them.
   a. wind-turbines
   b. geo-thermal
   c. fossil fuel
   d. solar panels

105. How is the concept of market economy best understood?
   a. Companies have an economic vision.

   b. Producers look at consumers on signals for what to sell.
   c. Owner care about products, not consumers
   d. Parent company abroad dictates consumption

106. What did Adam Smith see as an outcome of competition and profit-seeking?
   a. Prosperity
   b. Business security
   c. Honestly in enterprise
   d. Rich get richer

107. These were the new corps introduced by Spanish missionaries to the natives during early Hispanic days EXCEPT ________.
   a. watermelons and peas
   b. cocoa and wheat
   c. squash and coffee
   d. Rich gets richer

108. Few landholdings and millions of peasant farmers characterized the Hispanic agricultural economy a situation described as ________ in land ownership.
   a. monism
   b. monopolism
   c. dualism
   d. altruism

109. Which paradox argued that the faucet water is a most useful commodity but is priced lower than diamonds disproves the principle that price of commodities is based on how useful it is or utility?
   a. Water-diamond
   b. Useful-not useful
   c. price-priceless
   d. liquid-solid

110. Adding to the suffering of the _____ is the greatest evil of inflation.
a. wealthy  
b. poor  
c. middle class  
d. businessman

111. The Consumer Price Index measures changes in prices of goods and commodities as these affect the standards of living of ______ family.
   a. typical  
b. rural  
c. urban  
d. peasant

112. The shrinking peso refers to the decrease in the ______ power of the peso.
   a. potential  
b. actual  
c. purchasing  
d. hidden

113. To counter the law of diminishing return (same input decreases output), the following are applied EXCEPT ______.
   a. improve technology  
b. watch the market  
c. apply more capital  
d. equip labor with greater skill

114. Economically speaking, which is a glorious period?
   a. Stability  
b. Depression  
c. Boom  
d. Recession

115. The following are the elements that make possible nations to produce goods and services EXCEPT one:
   a. Labor force  
b. Capital  
c. National resources  
d. Geographical locations

116. In order to grow, a nation's economy must ________.

117. The rate of growth of a nation's economy is measured by the ____.
   I. the abundance of its natural resources  
   II. the presence of scientific and business research and inventions  
   III. the change in its gross national product over a period of years  
   IV. the standard living of its people  
   a. I, II  
b. II, III  
c. III, IV  
d. I, IV

118. Per capital GNP is obtained ________.
   a. By dividing a nation's total gross national product by 5 years  
   b. By dividing a nation's total gross product by the average Filipino  
   c. By dividing a nation's total gross product by the number of its citizens ages 18 and above  
   d. By dividing a nation's total gross product by its entire population

119. Which economic system is otherwise known as free enterprise?
   a. Capitalism  
b. Communism  
c. Mixed economics  
d. Totalitarianism

120. Adam Smith believed that the desire of business people to earn a profit, when regulated by competitive would produce what consumers want. Hence,
government should not interfere. Smith’s philosophy is known as _______.
a. democratic socialism  
b. socialism  
c. laissez faire  
d. modified free enterprise

121. In ancient Greek, the form of government was aristocracy which was the "rule of the best" meaning _______.
a. slaves  
b. nobles  
c. soldiers  
d. senators
